BUSINESS LOCALS. In Local Column, 10 cents
per line for each and every insertion.
LOCALS UNDER SPECIAL HEAD, 5 cents per line.
RESOLUTIONS, \$1.00.
CARD OF THANKS 50 cents.

All wool chevrets, 42 inches wide
are selling in New York for 49 cents
per yard wholesale. The duty is 65
cents per yard. It doesn't seem in
this case as if the tariff was much of
a tax.

To show the effect the tariff has
had upon the farming industry of
the state we publish the following
figures taken from the Detroit
Custom House reports. The com-
parisons are made for the months of
July 1890 and 1891.

Writing of our exports and im-
ports for the last fiscal year the Dry
Goods Chronicle says:

Of this large amount foreign vessels
freighted about \$1,500,000,000, and
earned probably \$100,000,000 of Ameri-
can gold to salt away in foreign
countries.

Great Britain has paid out for sub-
sidies up to and including 1889, \$283,
178,988. If we assume that her ves-
sels carried three-quarters of the
above mentioned freight, it would
seem that our trade pays a dividend
of about 25 per cent. per annum on
the total expenditure.

Persons who oppose subsidies and
bounties to American shipping are
supposed to do so on economical
grounds.

The South Bend (Ind.) Tribune of
recent date contained the following
information regarding binding twine
which can be understood without an
elaborate explanation; It is nine
months since the McKinley bill went
into effect, so far as it concerns
binding twine. The price of binding
twine last harvest under the old
tariff law was as follows:

Standard.....	14 cents to 15 cents per pound
Jute.....	12 " " "
Manilla.....	10 " " "

The price on binding twine for
the present harvest under the "Mc-
Kinley robber tariff" is as follows:

Standard.....	10 cents to 11 cents per pound
Jute.....	8 cents to 9 cents per pound
Manilla.....	12 cents per pound

The farmers of Indiana are getting
standard twine 4 to 5 cents cheaper,
jute twine 4 cents a pound cheaper
and manilla 4 cents cheaper under
the McKinley bill instead of paying
double price, as democratic papers
and orators declared, last October,
they would.
